

What remains...? How anthropologists discover, reconstruct and remember past peoples and lifeways through the study of human bones and other stuff

Feedback

What did you enjoy most during this workshop?

Both activities were interesting. I have left with loads of ideas for the classroom.

What is one thing that would improve about this workshop?

Nothing at all. Very enjoyable - many thanks.

Thanks for your feedback!

Feedback

What did you enjoy most during this workshop?

~~Creating a burial for the skeleton that we were given.~~
Creating a burial for the skeleton that we were given.

What is one thing that would improve about this workshop?

More skeletons and more activities.

Thanks for your feedback!

What remains...? How anthropologists discover, reconstruct and remember past peoples and lifeways through the study of human bones and other stuff

Feedback

What did you enjoy most during this workshop?

The activity we did about
physical anthropology
and deciding where it was from
+ learning how to distinguish
between skeletons

What is one thing that would improve about this workshop?

Another practical activity
→ less talking, but it
was interesting

More skeletons

Thanks for your feedback!

Feedback

What did you enjoy most during this workshop?

Setting up the probes
and trying to find out + the background and other
other stuff about the different individuals

What is one thing that would improve about this workshop?

More stuff to put in the probes
and doing ~~other~~ activities
more

Thank you!

Thanks for your feedback!

Feedback

What did you enjoy most during this workshop?

finding out how to work out someone's age and gender from bones. Teeth, femurs etc.
Using checks to work out someone's background.
I found it very interesting.

What is one thing that would improve about this workshop?

Nothing 😊

Feedback

What did you enjoy most during this workshop?

I enjoyed using the worksheets - to determine the age + sex, it was very interesting.

I liked using the biography to dress the grave; it was a good way of experimenting with showing who someone is just with objects.

I also enjoyed the start presentation.

What is one thing that would improve about this workshop?

Nothing 😊
